

Each Kindness

- How did your heart feel when you heard about how Maya, the new student was treated?
- Have you ever been the new person? What did people do to help you feel welcomed?
- If you have never been the new person, how would you hope others would treat you?
- Why did the kids care about Maya's clothes? Do you think Maya has control over the
- clothes she wears?
- What is a kindness you can show to someone that might have a ripple?
